github.com/SukhithaD | www.linkedin.com/in/sukhitha-dharmasinghe

Skills

Languages: Java, Python, JavaScript, SQL, Dart, PHP

Frameworks: ReactJS, Node.js (Express)

Tools: Git, GitHub, AWS, Postman, XAMPP, VS Code

Concepts: OOP, REST APIs, Full-Stack Development, JWT Authentication

Experience

Feb 2025- Present

Freelance Web Developer

- Developed and deployed a responsive web application for a real-world insurance brokering client
- Translated business requirements into scalable and maintainable frontend solutions
- Applied best practices in web development, UI/UX design, and performance optimisation

Education

University of Westminster, UK

Sept 2024 – 2028

BEng (Hons) Software Engineering

Relevant Coursework: Software Development Group Project, Object-Oriented Programming, Database Systems, Data Structures & Algorithms, Web Design & Development, Software Engineering Principles & Practice

Informatics Institute of Technology

Jan 2024 – Aug 2024

Foundation Certificate in Higher Education

Merit

Nalanda College, Colombo 10

Jan 2012 – 2023

Primary and Secondary education (G.C.E. O/Ls)

6As 3Bs

Technical Projects

AVA – Automated Vehicle Damage Assessment System (2025)

- Engineered a full-stack system integrating AI-based vehicle damage detection (YOLO) with backend services for automated insurance workflows.
- Designed and implemented scalable RESTful APIs using Node.js and Express, enabling seamless communication between mobile frontend and AI microservices.
- Developed secure authentication and authorization mechanisms using JSON Web Tokens (JWT).
- Integrated computer vision models into a production-oriented pipeline, enabling real-time image processing and result delivery.
- Collaborated in an agile team environment to design, test, and refine system components, improving reliability and performance.
- Dart, JavaScript, Python, C++, CMake, Ruby

globalinsurance.lk – Freelance Web Application (2025)

- Designed and developed a responsive, user-centric insurance website using HTML5, Tailwind CSS, and JavaScript.
- Implemented modern UI/UX design principles to enhance usability and accessibility across devices.
- Optimized frontend performance and ensured cross-browser compatibility.
- Delivered a production-ready solution aligned with client requirements, demonstrating strong problem-solving and client communication skills.

Leadership & Activities

- **President** – Interact Club of Nalanda College 2023/2024
- **Vice President** – Nalanda College United Nations Club
- **Vice Captain (U14, U17)** – Nalanda College Basketball Association
- **Member** – Rotaract Club of IIT
- **Member** – IIT Toastmasters
